

Appl. No. 10/721,877  
Amendment dated: June 9, 2006  
Reply to OA of: March 10, 2006

### **REMARKS**

This is in response to the Official Action of March 10, 2006. Applicants have amended the claims, taking into consideration the outstanding Official Action.

While it is acknowledged that the outstanding Official Action is a Final Rejection, Applicants respectfully submit that the amendments to the claims presented herein merely incorporate subject matter indicated as allowable in the outstanding Official Action into the base independent claim and therefore do not raise any new issues requiring further search and consideration by the Examiner. Accordingly, Applicants respectfully request that the amendments to the claims be entered and considered.

Applicants note with appreciation the indication in the outstanding Official Action that claims 2, 3 and 8 recite allowable subject matter and would be allowable if rewritten in independent format including all of the limitations of the base claim and any intervening claims.

In light of the indication of allowable subject matter, Applicants have amended claim 1 to incorporate the subject matter of claim 2. Accordingly, claim 1 now recites that  $R_1$  is "selected from the group consisting of cholic acid, fatty acid, folic acid and cholesterol" in place of the recitation that  $R_1$  is "hydrogen or  $-C(=O)-R_2$ ". As this amendment to claim 1 removes the reference to  $R_2$ , the recitation that " $R_2$  is  $C_{7-30}$  alkyl substituted or unsubstituted with functional groups or hydrogen" in claim 1 has also been removed.

In light of the amendment to claim 1 incorporating the subject matter of claim 2, claim 2 has been canceled. Claim 3 has been canceled because claim 3 further defines  $R_2$ , which is no longer in the claims. Claim 5 has been amended to remove the phrase " $R_2$  is hydrogen" because  $R_2$  is no longer in the claims. Claim 8 has been amended to depend from claim 1.

Finally, in order to address the objections to claims 6 and 7 set forth in the Official Action, Applicants have canceled claims 6 and 7 without prejudice or disclaimer.
